

LEARN MORE ABOUT OFFSHORE ENERGY EXPLORATION

Exploration of energy resources off our coasts is a critical first step in advancing our long-term energy security! Learn more today!

LEARN MORE!

Explore Offshore States

Our mission is to unite supporters of offshore energy development and promote its benefits to our nation's economy, energy self-sufficiency, and national security. Offshore energy can also help create increased higher-paying jobs, investments and more state tax revenue through revenue sharing for public education and infrastructure in our coastal states.

THE GULF

Offshore natural gas and oil exploration in the Gulf of Mexico could support over 152,000 local jobs within 20 years. The average salary paid in the natural gas and oil exploration and development fields is \$113,000.

[LEARN MORE](#) ➤
